

EZRA FOOD AND HYGIENE PANTRY WISH LIST

EZRA Multi-Service Center maintains a client choice food pantry stocked with items from Greater Chicago Food Depository as well as private donations. Our clients choose which items they receive which allows us to serve clients with dignity and reduce wasted food. Additionally, we maintain a hygiene closet so that clients can access essential personal and household cleaning products that are often expensive and not covered by SNAP dollars. Your donations will provide much needed products for our clients.

It is important to note that many EZRA clients do not have access to a full kitchen, and some are homeless. The more food items that are flip-top lid or microwavable, the more accessible the donations will be to the recipients of your generosity.

Thank you for supporting people in need!
