The agency's endowment consists of 20 individual funds established to:
offset the costs of scholarships, offset costs of specific programs, and
offset costs of facilities.

Part X, Line 2:

The accounting standard for uncertainty in income taxes addresses the
determination of whether tax benefits claimed or expected to be claimed on
a tax return should be recorded in the financial statements. Under this
guidance, JCC may recognize the tax benefit from an uncertain tax position
only if it is more likely than not that the tax position will be sustained
on examination by taxing authorities, based on the technical merits of the
position. Examples of tax positions include the tax-exempt status of JCC
and various positions related to the potential sources of unrelated
business taxable income (UBTI). The tax benefits recognized in the
financial statements from such a position are measured based on the
largest benefit that has a greater than 50 percent likelihood of being
realized upon ultimate settlement. The guidance on accounting for
uncertainty in income taxes also addresses de-recognition, classification,
interest and penalties on income taxes, and accounting in interim periods.
There were no unrecognized tax benefits identified or recorded as
liabilities for the reporting periods presented in these financial
statements.

JCC files Form 990 annual information returns in the U.S. federal
jurisdiction and the State of Illinois.
